### Practice and experience

My practice is focused on commercial and investment arbitration. I act as counsel before arbitral tribunals and in Swedish courts. I also represent clients in the recognition and enforcement of arbitral awards and foreign judgements.

Receiving an appointment as arbitrator is always an honour. I have been appointed by Arbitration Institute of the Stockholm Chamber of Commerce, the Arbitration Institute of the Finland Chamber of Commerce and ICC International Court of Arbitration as well as by co-arbitrators in *ad hoc* proceedings and have served as sole, chair and party-appointed arbitrator.

Prior to founding Westerberg, I was a partner at another major Swedish law firm. Before joining the firm's dispute resolution practice, I worked with mergers and acquisitions advising on corporate and contract law. In terms of industry knowledge, I particularly enjoy working on disputes related to telecom and IT. My interest in this field is a legacy of the seven years I spent as sales representative and project manager at Ericsson, the Swedish telecom giant.

The majority of the cases, in which I have acted as counsel or served as arbitrator, are related to Russia, CIS or Baltic countries. That is because, besides Swedish and English, I am fully proficient in Russian, while my native language is Latvian.

I currently serve as board member of the Swedish Women in Arbitration Network, and I am member of the Swedish Bar Association, Swedish Arbitration Association, Young Arbitrators Sweden and the London Court of International Arbitration and the Policy Commission for Digital Economy at ICC Sweden.
